

**Description**

Mazuri® Exotic Gamebird Starter is a complete feed specially designed to meet the nutritional needs of young ornamental pheasants and other birds with similar feeding patterns. Mazuri Gamebird Diets are designed for optimal growth rates, chick success, quality feathering, health and longevity, and are not designed for meat production.

**Features and Benefits**

- **Complete feed** - One product contains all of the nutrients the birds require.
- **High protein, balanced with essential amino acids** - Promotes growth and feathering.
- **Optimum levels of nutrients** - Proper nutrient levels provide protection against cannibalism.
- **Extruded particle** - Highly palatable, easy to feed and minimizes fines and waste.

**Product Form**

Extruded particles:  $\frac{3}{8}$ " diameter x  $\frac{1}{8}$ " length.

- 25 lb. net weight paper sack

**Catalog #**

0001430

**Guaranteed Analysis**

Crude protein not less than .....	30%	Ash not more than .....	9.0%
Lysine not less than.....	1.5%	Calcium not less than .....	0.95%
Methionine not less than .....	0.60%	Calcium not more than .....	1.5%
Crude fat not less than .....	2.5%	Phosphorous not less than.....	0.90%
Crude fiber not more than .....	6.5%	Salt not less than .....	0.10%
		Salt not more than .....	0.50%
		Moisture not more than.....	12%

**Ingredients**

Dehulled soybean meal, ground corn, wheat middlings, fish meal (menhaden), porcine meat meal, dehydrated alfalfa meal, brewers dried yeast, glyceryl monostearate, soybean oil, calcium carbonate, salt, dl-methionine, choline chloride, dicalcium phosphate, mixed tocopherols (a preservative), cholecalciferol (vitamin D<sub>3</sub>), vitamin A acetate, manganous oxide, d-alpha tocopheryl acetate (natural source vitamin E), zinc oxide, l-ascorbyl-2-polyphosphate (stabilized vitamin C), niacin, calcium pantothenate, menadione sodium bisulfite complex (vitamin K), vitamin B<sub>12</sub> supplement, copper sulfate, riboflavin, pyridoxine hydrochloride, folic acid, calcium iodate, thiamin mononitrate, sodium selenite, biotin.

**Feeding Directions**

- Feed free-choice to birds as a sole ration until chicks are fully feathered. Start with a small amount on paper or cardboard to ensure all birds begin eating.
  - If an intermediate protein diet is desired during the growth period, use Mazuri® Waterfowl Starter (5641).
  - Transition to Mazuri® Exotic Gamebird Maintenance (5643) when fully feathered.
- Always provide animal with plenty of fresh, clean water.

Approximate Nutrient Composition<sup>1</sup>**NUTRIENTS**

<b>Protein, %</b> .....	<b>30</b>
Arginine, %.....	2.0

Vitamin D <sub>3</sub> , IU/kg.....	2,135
Vitamin E, IU/kg.....	150
Vitamin K (as menadione), ppm.....	0.76
Beta-carotene, ppm.....	1.1
Ascorbic acid, ppm.....	72

**Storage Conditions**

For best results, store contents of open bag in container with sealing lids. Store in a cool (75°F or colder), dry (approximately 50% RH) location. Use within 1 year of product manufacturing.

<sup>1</sup> Based on the latest ingredient analysis information. Since nutrient composition of natural ingredients varies, analyses will vary accordingly.

<sup>2</sup> Calculated using data from domesticated poultry (NRC Poultry, 1994).
