Niacin, ppm ........................................ 475
Pantothenic acid, ppm .......................... 115
Folic acid, ppm .................................... 15
Pyridoxine, ppm ................................. 190
Biotin, ppm ......................................... 4.7
Vitamin C, ppm .................................... 4,750
Vitamin A, IU/kg .................................. 189,550
Vitamin D3, IU/kg ................................. 38,000
Vitamin E, IU/kg .................................. 7,600
Vitamin K (as menadione), ppm .............. 47

Ingredients
Calcium carbonate, chicken preserved with BHA, propyl gallate and citric acid, taurine, zinc sulfate, L-ascorbyl-2-polyphosphate (stabilized vitamin C), dl-alpha tocopheryl acetate (form of vitamin E), menadione sodium bisulfite complex (source of vitamin K), nicotinic acid, copper sulfate, thiamine mononitrate, vitamin A acetate, pyridoxine hydrochloride, riboflavin supplement, calcium pantothenate, cholecalciferol (form of vitamin D3), calcium iodate, folic acid, biotin, manganese sulfate, vitamin B12 supplement.

Directions for use
Mazuri® Carnivore Supplement for Slab Meat is designed to be added at 2.0% of wet weight of slab meat (without bone). Average supplement weights are provided below for measuring without the use of a scale. As a starting point, 1 tbsp of supplement should be used per 1 pound of slab meat.

Storage Conditions
For best results, secure canister cap closed or store contents of open bag in container with sealing lid. Store in a cool (75°F or colder), dry (approximately 50% RH) location. Use within 1 year of bag manufacturing.

1 Based on the latest ingredient analysis information. Since nutrient composition of ingredients varies, analyses will vary accordingly.
