### Catalog #

1814992

### Guaranteed Analysis

Crude protein not less than .....0.0%  
Crude fat not less than .....0.0%  
Crude fiber not more than .....50.0%  
Moisture not more than .....10.0%  
Ash not more than .....8.0%

### Nutrient Composition (per tablet)

Lutein, mg..... 30

### Ingredients

Microcrystalline cellulose, dried corn syrup, lutein, maltodextrin, shellac (outer coating), diacetylated monoglyceride (outer coating), corn oil, silicone dioxide (tableting agent), magnesium stearate (binder).

### Feeding Directions

- Provide to animals at the desired dosage.
- Feed by placing tablet into the food or provide directly to animal.
- Recommendation: feed out within 12 hours if pilled in food.

### Storage Conditions

For best results, tightly affix lid on container after removal of required dosage. Store in original container in a cool (75°F or colder), dry (approximately 50% RH) location.

Note: tablet coating may become speckled with exposure to air – this is not indicative of any vitamin degradation.

Use within 1 year of manufacturing date.
