

Mazuri® Koi Platinum Bits

(Available at www.mazuri.com or through a Mazuri® retailer)

Formula Code – 5M81

Description

A floating diet designed for koi in ponds, tanks and aquariums. Mazuri® Koi Platinum diets are formulated to provide complete nutrition in one product. Special ingredients have been added to provide pigmentation.

Features and Benefits

- **Complete nutrition** - No supplement needed.
- **Contains spirulina algae and carotenoids** - Provides source of pigmentation.
- **Stabilized source of vitamin C** - Improves shelf-life and water stability and may help with resistance to stress.
- **Contains wheat germ** - Favored by many koi feeders.
- **Sustainable fishmeal source used.**
- **Highly palatable** - Fish will eat it readily.
- **Floating particles** - Fish can be observed eating.

Product Form

Extruded feed, bit size: 3/32" round.

- 20 lb. net weight paper sack

Catalog

0001492

Guaranteed Analysis

Crude protein not less than 36.0%
Crude fat not less than 3.0%
Crude fiber not more than 6.0%
Ash not more than 9.0%
Phosphorus not less than 0.90%

Ingredients

Dehulled soybean meal, ground corn, fish meal, corn gluten meal, wheat middlings, wheat germ, fish oil, dehydrated alfalfa meal, salt, l-ascorbyl-2-polyphosphate (stabilized vitamin C), betaine (hydrochloride or anhydrous), spirulina algae meal (color), brewers dried yeast, biotin, choline chloride, vitamin A acetate, preserved with mixed tocopherols (form of vitamin e), canthaxanthin (color), calcium pantothenate, cholecalciferol (form of vitamin D₃), pyridoxine hydrochloride, rosemary extract, d-alpha tocopheryl acetate (form of vitamin E), vitamin B₁₂ supplement, folic acid, nicotinic acid, thiamine mononitrate, citric acid (a preservative), riboflavin supplement, menadione sodium bisulfite complex (source of vitamin K), tagetes (Aztec marigold) extract (color), calcium carbonate, dicalcium phosphate, beta carotene, astaxanthin (color), dl-methionine, manganous oxide, zinc oxide, ferrous carbonate, copper sulfate, zinc sulfate, calcium iodate, cobalt carbonate, sodium selenite.

Feeding Directions

- Feed to koi in ponds or tanks as a floating feed.
- Mazuri® Koi Platinum Bits are suitable for fish up to six inches. For the same nutrition in different particle size, consider:
 - Mazuri® Koi Platinum Nuggets - suitable for fish greater than six inches long.
 - Mazuri® Koi Platinum Ogata - suitable for all koi over twelve inches long.
- Feed only as much as fish will readily consume.
 - Do not over feed as excess feed will decompose in the water, resulting in poor water quality, which in turn can be harmful to the health of the fish.

Mazuri® Koi Platinum Bits

Approximate Nutrient Composition¹

NUTRIENTS

Protein, %	36
Arginine, %.....	2.1
Cystine, %.....	0.56

Vitamin E, IU/kg.....	100
Vitamin K (as menadione), ppm.....	0.95
Beta-carotene, ppm.....	2.1

Storage Conditions

For best results, store contents of open paper sack in container with sealing lid. Store in a cool (75°F or colder), dry (approximately 50% RH) location. Freezing will not harm the diet and may extend freshness. Use within 1 year of bag manufacturing.

¹ Based on the latest ingredient analysis information. Since nutrient composition of ingredients varies, analyses will vary accordingly.

² Calculated using adjusted Atwaters factors - 4 kcal/g carbohydrate, 9 kcal/g fat, 4 kcal/g protein.
