

Mazuri® Vita-Zu® Large Bird Tablet, no Vit A added

(Available at www.mazuri.com or through a Mazuri® retailer)

Formula Code – 5TLB

Description

Mazuri® Vita-Zu® Bird Tablets are formulated to provide supplemental water- and fat- soluble vitamins to fish-eating bird species consuming larger prey items. This product does not contain any added vitamin A, and is designed to be fed with a diet of intact (i.e., whole) fish containing livers, which are a good source of vitamin A.

Features and Benefits

- Contains stabilized vitamin C - Longer shelf life.
- Outer coating decreases instance of oxidative vitamin losses.
- No artificial flavors or colors.

Nutrient Composition (per tablet)

Vitamin A, IU 0
Vitamin E, IU 125
Vitamin C, mg..... 130
Thiamin, mg..... 115
Riboflavin, mg..... 8.5
Pyridoxine, mg..... 8.5
Pantothenic acid, mg..... 8.5
Folic acid, µg 280
Biotin, µg 135

Ingredients

Stabilized vitamin C, thiamin mononitrate, dried corn syrup, dl-alpha tocopheryl acetate (form of vitamin E), brewers dried yeast, calcium pantothenate, riboflavin, pyridoxine hydrochloride, maltodextrin, shellac (outer coating), diacetylated monoglyceride (outer coating), magnesium stearate (binder), corn oil, silicon dioxide (tableting agent), folic acid, biotin.

Feeding Directions

- Feed to birds by placing tablet into the food (shellfish or fish).
- For 0.75g tablet, feed 1 tablet per 2½ lb. of food.
- Recommendation: feed out within 12 hours of pilling food.

Storage Conditions

For best results, after removal of required tablet dosage store in original container with lid securely affixed in a cool (75°F or colder), dry (approximately 50% RH) location. Use within 1 year of lot date code.

Note: Ingredients cause pill to have a speckled appearance. Coating on tablets may become speckled with exposure to air - this is not indicative of any vitamin degradation.
