

Mazuri® Mini Pig Active Adult  
 (Available at [www.mazuri.com](http://www.mazuri.com) or through a Mazuri® retailer)  
 Formula Code – 5Z91

Description

Mazuri® Mini Pig Active Adult is a moderate-energy, high-fiber diet for porcine species that helps promote moderate growth rate while helping to satisfy hunger. This ration can be used as a maintenance diet for active, adult animals. It can be fed in combination with Mazuri® Mini Pig Youth to gestating/lactating females. This product was specially formulated to meet the needs of exotic miniature pigs, such as the Vietnamese potbellied pig.

Features and Benefits

- **Moderate-energy, high-fiber ratio** - For controlled growth and consumption rates.
- **Complete nutrition** - Supplemental vitamins and minerals not required.
- **Amino acid balanced** - Provides the amino acids needed in active stage.
- **Pellet form** - Easy to feed; minimizes dust and waste.
- **Zinc methionine and natural vitamin E** - Provides for optimal skin condition.
- **No meat products.**
- **Urine acidifier and Yucca extract added** - Aimed to decrease urinary calculi and ammonia in urine.
- **Added flaxseed** - To support skin and immune system health.

Product Form

Pelleted feed: 5/32" diameter x 1/2" length.

- 25 lb. net weight paper sack

Ingredients

Ground corn, wheat middlings, dehulled soybean meal, ground oats, dehydrated alfalfa meal, ground soybean hulls, dried beet pulp, cane molasses, flaxseed, calcium lignin sulfonate (pelleting agent), dicalcium phosphate, calcium carbonate, soybean oil, salt, ammonium chloride, choline chloride, dl-methionine, zinc methionine complex, biotin, dried yucca shidigera extract, pyridoxine hydrochloride, calcium pantothenate, ferrous sulfate, menadione sodium bisulfite complex (source of vitamin K), d-alpha-tocopheryl acetate (form of vitamin E), folic acid, preserved with mixed tocopherols (form of vitamin E), cholecalciferol (vitamin D<sub>3</sub>), copper sulfate, vitamin B<sub>12</sub> supplement, vitamin A acetate, rosemary extract, riboflavin, citric acid, thiamin mononitrate, nicotinic acid, l-lysine, manganese sulfate, manganous oxide, zinc oxide, zinc sulfate, ethylenediamine dihydriodide, basic copper chloride, sodium selenite.

Feeding Directions

- Feed Mazuri® Mini Pig Active Adult to pigs previously fed Mazuri® Mini Pig Youth or to other pigs being maintained. Mix this product with equal amounts of prior product for at least 3-5 days to help adjust animals to new feed.
- The level of feed intake depends on many factors some of which include: environmental temperature, other foods available, level of activity and social hierarchy.
- For maintenance of more active, young adult animals (up to 1 1/2 years of age), regulate feed to a level which maintains body weight without putting on excess fat. A level of 1.0 - 2.0% current body weight works well for many owners. Measuring food by weight is recommended; see Feeding Rate table.
- Change to Mazuri® Mini Pig Youth diet as desired to regulate nutrition in these scenarios:
  - For gestating or lactating females, feed a mixture of 50% Mazuri® Mini Pig Active Adult and 50% Mazuri® Mini Pig Youth for increased energy.
  - For higher energy needs, as in the case of large litter size or multiple breedings, increase Mazuri® Mini Pig Youth to 60% of daily intake.
- When using a self-feeder, make sure it is adjusted for minimize feed wastage.
- Always provide animal with plenty of fresh, clean water.

Storage Conditions

For best results, store contents of open bag in container with sealing lid. Store in a cool (75°F or colder), dry (approximately 50% RH) location. Use within 1 year of bag manufacturing.
