

Mazuri® Enrich Bits® Supplement

(Available at www.mazuri.com or through a Mazuri® retailer.)

Formula Code – 5ZG7

Description

Mazuri® Enrich Bits® Supplement is formulated especially to provide environmental enrichment to primates and other mammals. The small size and palatability of this supplement make it especially suited for foraging. By maintaining a proper balance of nutrients, primates can be allowed to forage without creating a dietary imbalance. This supplement can also be used as an additional source of dietary fiber for animals requiring more of it in the diet.

Features and Benefits

- **Small, particles** - Appropriate for foraging and providing environmental enrichment.
- **Provides vitamins and minerals required by primates** - Does not dilute the diet.
- **High fiber** - Provides fiber to animals needing additional fiber.
- **Contains sequestered trace minerals** - High biological availability.

Product Form

Extruded feed - Oat-shape: 1/8" diameter x 7/16" length.

- 20 lb. net weight paper sack

Storage Conditions

For best results, store contents of open bag in container with sealing lid. Store in a cool (75°F or colder), dry (approximately 50% RH) location. Freezing will not harm the product and may extend freshness. Use within 1 year of bag manufacturing
